

Project Title: Bacolet Juvenile Rehabilitation & Treatment Centre Hydroponics Project

Project Country: Grenada

Responsible Organization: Ministry of Social Development and Housing

Proposed Budget (USD): JCCCP Grant Funding: \$45,550
In Kind Contributions: \$29,750
Total Budget: \$75,300

Project Objective

This overall objective of this project is to enhance the participation of youth 'at risk' in climate resilience building in agriculture by developing their capacity in vegetable production, utilizing high technology water efficient hydroponic systems.

Selected Focal Areas

This project will incorporate the following focal areas identified under Outcome 2 of J-CCCP:

- Sustainable Agriculture

Targeted Stakeholder Groups

- Grand Bacolet Juvenile Justice Rehabilitation and Treatment Centre

Project Activities

The project will undertake the below activities:

- Establishment of a Hydroponic System at the Grand Bacolet Juvenile and Rehabilitation and Treatment Centre for the growing of vegetables and for education and training.
- Capacity Building for staff and resident youth to include the development of Training Curriculum and Manual on "Profitable Production of Vegetables and Condiments Using Hydroponics."
